About eRaksha Awards

The world today is far more technologically advanced than a decade ago. The past few years have seen emergence of advanced digital innovations which have presented us with newer opportunities to learn and connect. These innovations have impacted children and youth in much deeper and also alarming ways as online access comes with many risks.

The aim of the competition was to instill the concept of Digital Citizenship & Online Safety in an innovative and engaging manner amongst the students & teachers, encouraging them to think deeply, engage in meaningful dialogs and express their ideas around Digital Citizenship & Online Safety in creative & artistic styles.

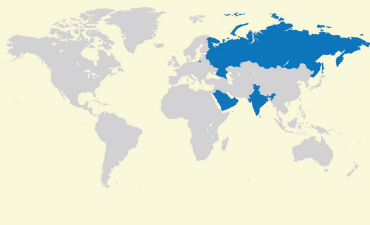

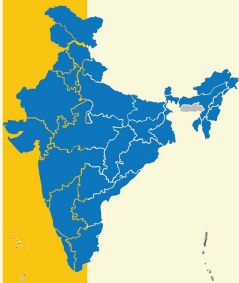

The contest has received an overwhelming response from schools. Over 14000+ entries have been received from all parts of the country.

Entries after first round of evaluation

India: 10805 entries

Russia: 32 entries

UAE: 3 entries

eRaksha Competitions

We had six different competitions, namely, *Spectrum* – poster making, *Slogan Slam* – slogan writing, *Stick-a-thought* – sticker making, *Screen Masters* – video making, *Unanswered Question Scientists* – blog writing and *Paint-a-thon* – painting. The theme for the competitions was Online Safety.

We had four different categories in each competition, *Category 1* for students of classes 6 th to 8 th, *Category 2* for students of classes 9 th – 10 th, *Category 4* for students of classes 11 th – 12 th and *Category 4* for teachers.

After multiple rounds of deliberations, we finally had 19 winners across all competitions and categories, and also 3 entries won the Jury Recommendation Award.

This souvenir is dedicated to the winners and their innovative ideas that have both wowed and inspired us.
