eRaksha 2023

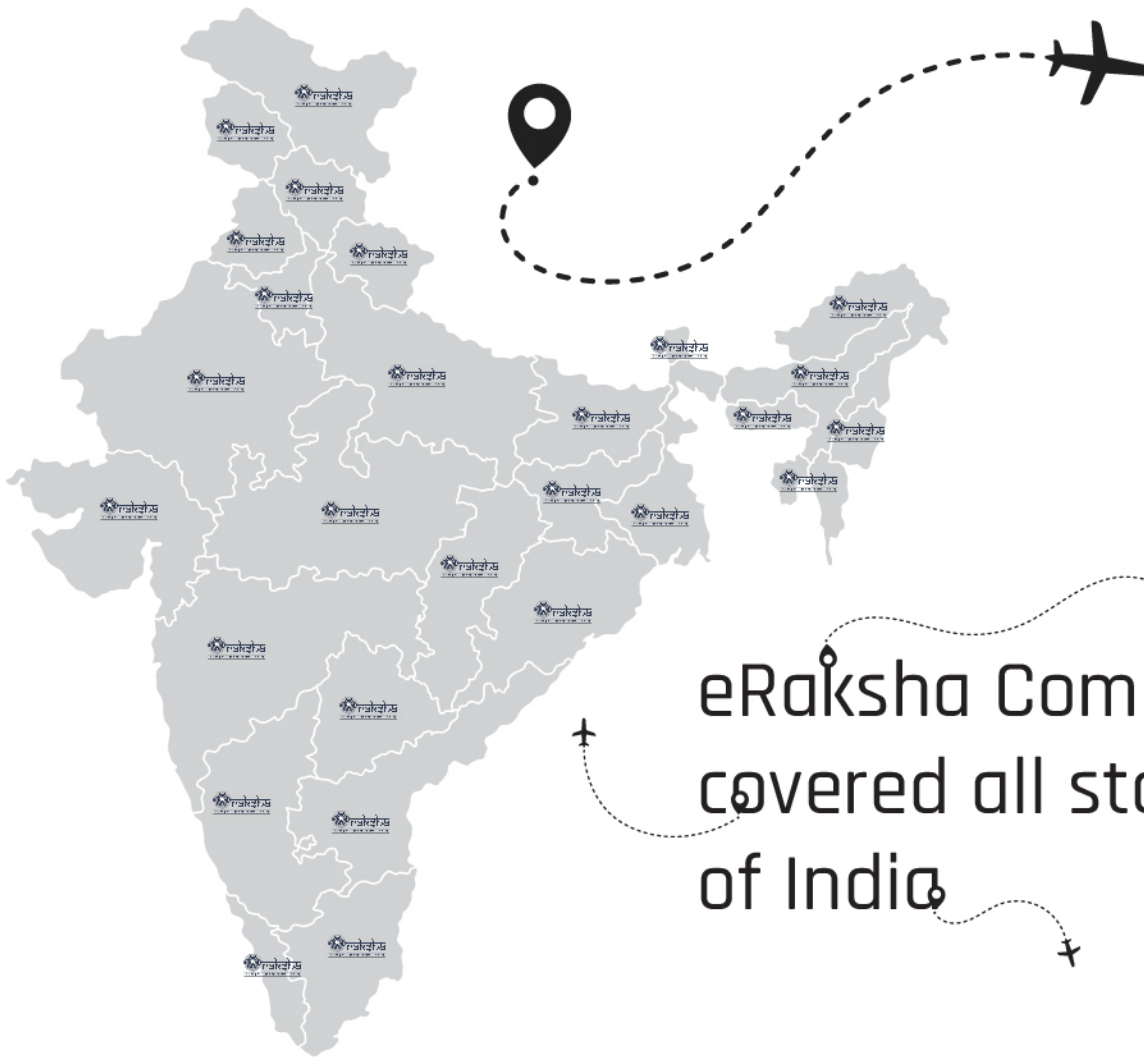

Cyber Peace and National Council of Education Research and Technology (NCERT) present the eRaksha Competition, which aims to promote 'Safe and Responsible Cyber Culture' amongst the children and youth. The competition is an annual event since the year 2019 and has received overwhelming participation of above one lakh applicants from all states of India.

The vision of eRaksha Competition is to empower young minds to navigate the online world safely, ethically & responsibly. Participants are encouraged to reflect on their responsibilities as young leaders, advocating for safer and conscientious use of Internet. They are encouraged to research and develop posters, videos, articles, and software applications, promoting safe online practices.

eRaksha Award Ceremony 2022, is the celebration of creativity, involvement, and responsibility of brilliant young leaders, committed to the cause of promoting **safety and responsibility in cyber space.**

Self Created Videos Winners

Participants developed original, engaging and informative videos, documentaries, and short films, with the vision to build awareness and encourage responsible and resilient behavior in the Online World. These impressive and professional videos, which made use of very basic technology devices, showcased the knowledge, understanding and creativity of the young developers. Diverse but contemporary and critical issues like Hacking, Online Scamming, QR Codes, Financial Transactions, Privacy on Social Media etc were addressed, sending positive and clear message about the safe and responsible practices on the Internet.

Testimonials

I am very pleased to share my views on the eraksha competition, which is a joint initiative between Cyber Peace Foundation and NCERT. eRaksha competition was a great successful one in all sphere of activities. Your hospitality was remarkable and will be a part of my heart in my entire life.

- MOHAN DIXIT
eRaksha Competition 2022 Winner

The eRaksha competition, provided an exceptional platform for individuals to showcase their expertise and passion for promoting a secure digital environment. The unique format and structure of the competition offered a valuable opportunity to gain insights into the dynamic world of cyber safety. Through the eRaksha competition I gained highly valuable knowledge.

Fostering Safe & Responsible Cyber Culture

COMPETITION

Testimonials

“

Building trust and safety is very important cyber space, which has no physical boundaries. Through eRaksha Competition we have been engaging and sensitising children and youth of the country to be responsible & ethical global netizens.

- Major Vineet Kumar
Founder & Global president, CyberPeace

“

I thank the CyberPeace for collaborating with NCERT to initiate the eRaksha Competition. The competition, can be instrumental in enhancing the creative expressions of the children, and learn about cyber safety and security in an integrated and wholistic manner.

- Dr. Amarendra Behera
Joint Director, CIET-NCERT

“

“

“

I have been following eRaksha since 2019. Over three years it has become 'People's Movement' like 'a 'Jan Andolan' focused towards empowering youth to be safe and responsible cyber citizens.

- MR S N Pradhan
Director General Narcotics Control Bureau (Former DG, NDRF)

“

eRaksha Competition has impacted over one lakh children and youth across the country since 2019. We hope to reach many more in 2023.

- Prof Indu Kumar
Head-DICT, NCERT

“

“

“

Cyber Crime is becoming a worldwide phenomenon and a global concern. I compliment CyberPeace Foundation for raising awareness about the issues by organising and celebrating eRaksha Competition.

- National Crime Records Bureau (NCRB)

“

Extremely delighted and honoured on winning the award in eRaksha competition, 2021. My sincere thanks to CyberPeace Foundation and NCERT for organising this type of competition for students & teachers, which motivate them to stay inspired, creative and safe netizens.

- VINEETA GARG
